

TEKS/TAKS SPIRALED PRACTICE 41

Grade 6

1. The Cowboys' football team ran 4 plays during their first possession of the ball. The plays were recorded as a gain of 4 yards, a loss of 8 yards, a loss of 2 yards, and a gain of 12 yards. If they started the possession with the ball on the 20-yard line, which expression can be used to determine the yard line they were on after the 4 plays?

- A $20 + 4 - 8 - 2 - 12$
- B $4 - 8 - 2 + 12$
- C $20 + 4 - 8 - 2 + 12$
- D $20 - 4 - 8 - 2 + 12$

2. Janie bought a bag of lollipops. It contained 25 lollipops and 8 of them were grape flavored. Predict the number of grape lollipops there would be in a bag of 100 lollipops.

- F 22
- G 24
- H 32
- J 36

3.

Which point has an x -coordinate greater than 4?

- A R
- B S
- C T
- D W
