## THINK 22

Place each digit from 1 to 9 in the empty squares or the squares with parentheses so that the three rows across and the three columns down create correct number sentences.

You may NOT use the same digit more than once.

(	+	)	÷		=8
+		x		+	
	x		+		=9
—		÷		—	
(	—	)	x		=6
=0		=6		=4
